

Teamglobal Operations in Mumbai

Teamglobal logistics Pvt Ltd, managed by a team with vast experience in the are of logistics, has commenced its operations in Mumbai.

It is posied to offer services in different segments of logistics such as project forwarding, ISO tank containers, LCL consolidation, full container forwarding and supply chain solutions.

Addressing media persons on the occasion of the launch, Mr Nityam Khosla Director of Teamglobal, emphasized that the company would be offering innovative logistics solutions with the best international trade practices to its customers, keeping in mind the fast growing Indian economy and the aspirations of the Indian Businessmen to conduct their business on a global scale.

Adhering to the company's motto of "Taking Business Places", Teamglobal's services have been designed with the following salient features:

- Timely status updates
- Carrier's liability through a reputed insurance company
- Contract with reliable carriers
- Direct services to major ports
- Personalised Service

The company will very shortly be offering web- based and telephone- based cargo tracking services. This will ensure that the customer has 24-hour access to information pertaining to his cargo. Teamglobal also has plans to introduce new services in the areas of project, site management, air freight activities, transportation and warehousing.

Giving additional details on this momentous occasion, Mr Vivek Kele who is also on the Board of Teamglobal, said the company would be using information technology as a differentiating factor to build strong interfaces like web-based transaction, ebill of lading etc, to give seamless solutions to its customers so as to facilitate smooth business transactions.

Thus, Teamglobal Logistics is all set to offer a variety of logistics services in tune with the needs of today's customers as well as the requirements of the burgeoning international trade.

Its mission statement is rightly worded to communicate the company's philosophy: 'Continously offer innovative and reliable logistics solutions meeting our customers changing business requirements with efficiencies of cost and time'.

Keeping in mind the convenience of customers, Teamglobal's office in Mumbai is situated in Ballard Estate, the heart of the Indian shipping industry. Very soon it will extending its presence to other locations.
